Why Streetlight?

Streetlight exists to be a consistent resource that meets the physical, social, emotional, and spiritual needs of the at-risk youth community in London.

Streetlight operates out of our Mobile Youth Center that is downtown every week, and is staffed by a team of dedicated outreach workers and volunteers. We provide a safe and consistent place for at-risk youth to come to receive food, friendship, support, and a sense of community.

“Streetlight’s E-Recycle program has eliminated our frustration with unwanted electronics, and we get to support their work with youth at the same time. It’s a win-win situation!”
